

Why SoliTek Panels Are The Best Choice?

European

Engineered & produced in Europe

Sustainable

The greenest panels in the world

Integral

For a wide range of solar solutions

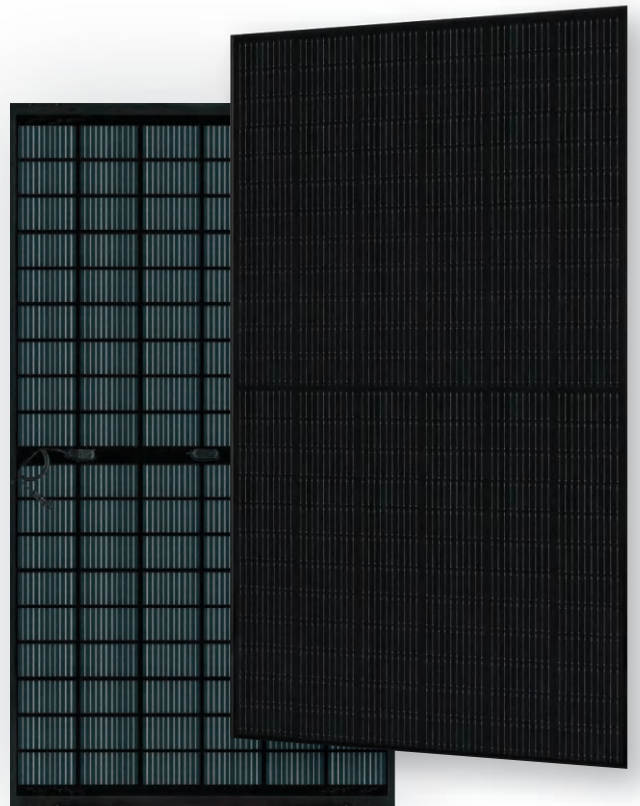

Durable

50 years lifetime and 30 years guarantee

Sturdy

Toughest panels on the market

Expected lifetime

50 YEARS

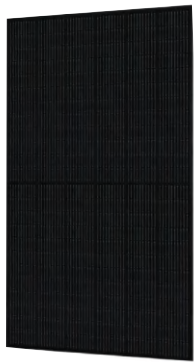

Efficiency & product guarantee

30 YEARS

Power guarantee after 30 years

90%

Why Bifacial?

Bifacial is called an advanced double-sided solar panel that transforms sunlight into electrical energy on both - its top and bottom - sides.

At ideal circumstances bifacial solar panel can generate up to 40% more electricity, compared with conventional solar panel.
